

DOCTORS! 3 QUICK FACTS ABOUT *Health Sharing*

(Members, Please share this with your doctor!)

1. WE'LL PAY YOU DIRECTLY.

Universal HealthShare uses the Multiplan/PHCS Physicians & Ancillary Network and its 700,000+ participating Providers.

We'll determine the amount of each medical expense that is sharable and make that payment directly to you. If you're in-network with Multiplan/PHCS, payment will be at in-network rates. We process billing and payment just like other payors under a Multiplan/PHCS contract, so you can submit your bills to us with confidence.

2. WE WANT OUR PROVIDERS TO HAVE A GREAT EXPERIENCE!

With timely payment of medical bills, we will make health sharing a great experience for providers, too.

We've done our best to minimize the red tape of payment processing. And we're committed to handling your payment as rapidly as possible. If you have questions, we're happy to hear from you. Call us at (888) 308-0024, Monday through Friday, from 8:00 a.m. to 8:00 p.m. Eastern Time.

3. MORE THAN 1.5 MILLION AMERICANS USE HEALTH SHARING.*

Health care cost sharing is funded by voluntary member contributions.

Our members are making much smaller contributions per month compared to the cost of traditional monthly insurance premiums. This gives them more health care choices within their monthly budgets. And, health sharing members agree to live healthy lifestyles, which may help make the job of keeping them healthy a little easier.
